Hi, my name is Derek Beech and I am very excited to have been appointed as the dedicated Travel Manager for all your business travel needs. I have been working in the travel industry since 2002 and have a wealth of knowledge and experience to provide you with fast service and excellent rates. Stage and Screen is the niche travel management advisory providing strength behind the scenes in your industry. We are a division of Flight Centre Ltd., the 4th largest travel retailer in the world with 2015 turnover of 14 billion in sales. As your Dedicated Travel Manager, I take pride in delivering:

- Attention to the individual preferences of your travellers and your business
- 10 minute response time
- Travel alerts and 24/7 emergency assistance
- Flexibility and creativity when your challenges are vast
- Specially negotiated and preferred rates for your industry
- Cost reduction planning
- No charges for pre-ticketing or booking cancellations and changes

I believe that any successful partnership is based on open and honest communications. If you ever have ideas on how to improve the service I offer, please let me know. At Stage and Screen, we aim to exceed your expectations.

I look forward to a long and successful partnership and encourage you to make your first couple of bookings with me over the phone so we can get to know each other.

Kind regards,

Derek Beech
